————— *With Open Hearts and Minds* —————

We, the Class of 1960, impose upon you our everlasting friendship and consideration.

Through these short years you have given us an understanding of the past in tradition, a concept of the future through knowledge and a love of the present by your kindness.

Progress is inevitable and we thank you for a beginning.

To You We Dedicate Our Book

Sincerely,

The Class of 1960

Dear Students,

In a world-wide era of rapid change and intellectual progress our present day school systems face a constant challenge to keep pace with these changes.

A school must grow, of necessity, in many ways. The physical growth of Madera Union High School is measured in terms of students and buildings. Our own small high school will soon total some eighty classrooms, designed to accomodate upwards of twenty-one hundred more or less eager students.

A schoolsystem must also grow, change, and progress in terms of the quality and level of instruction it provides to students. Better textbooks, dedicated and capable teachers, better classroom aids--all of these we must constantly strive for.

In the final analysis, however, the individual achievement of any student is dependent largely upon his own individual efforts. The fine student must discipline and train his mental processes--the athlete his body, the musician his fingers, the linguist his tongue. There is no short cut, no smooth road to success.

Boys' & Girls' State Reps.

The representatives to both Girls' and Boys' State are taught the same basic principles of good government. They are taken through a rigorous eight days of instruction in city, county, and state government. Both Girls' and Boys' State hold mock trials of the Superior Court, and elections patterned after the real elections in our state. These elections are presided by campaigns, speeches and an overall feeling of excitement. The busy schedule also included a trip to the Capital in Sacramento. The Girls' learned songs including "Take Me Over To Boys' State." The Boys' also learned quite a variety including "Take Me Over To Girls' State." Girls' and Boys' State have a lot in common, but one thing stands out to everyone who attends. That is the feeling of working together and a growing feeling of friendship.

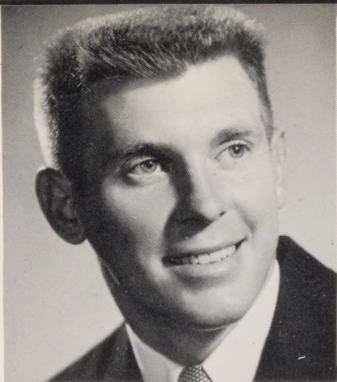

Larry Dearing--Fall Student Body President

Larry Dearing was the first student body president to be in office during the newly organized system of split assemblies. Larry, as an active student in our school government, helped in the revision of the school constitution. He installed a new representative system for the students, and was one of the Accreditation Committee members. During Christmas week the student council gave prizes to clubs for the best school decorations. Larry was also on the NYL planning committee that set up the sportsmanship trophy. As this year's fall student body president, Larry learned that student government was a valuable experience. "Student government is only as good as its cabinet, and I had a good cabinet."

Dick Unti--Spring Student Body President

Dick Unti, the Spring Student Body President, has had a busy term during which he proved himself a qualified president and student. During Dick's term the representative program was further extended. Dick and his council worked at placing a coyote on our campus, and he also worked with other schools in the league through N.Y.L. The new constitution was approved during the fall term which completed the Spring program. Dick is to be congratulated for his fine work.

Mike Erwin
Social Welfare

The Student Council, its Representatives and associates, served as a dedicated stimulus for the entire student body, under the guidance of Miss Bergon as Advisor.

JimmiE-

Arf, Bow wow, ruf, ruf and all that rot. You know I can't speak so just give up. I have really enjoyed having you in orientation and study hall (I never went) because you are about an idiot and a half. You and all your friends in the back of the room are real Kicks who aren't so good at throwing spitwads. I've known who you were since the 7th grade but I never actually knew you for a friend — now I do and I'm so glad. If you hadn't been in this orientation class I don't think I could have stood it, it's such a bore. JimmiE, seriously I think you are about one of the cutest and nicest freshmen I know. Please be good always and don't get carried away with those freshmen girls next year. I wish you the best of luck in everything you do, you really deserve it. May God bless you and watch over you in the future, never letting you be hurt by anyone or anything. I know everyone likes you an awful lot, just don't forget it. Thanks EVER so much for you support and faith in me when I was running for president.

You are a real swell guy and I don't think you ever had a enemy

in your life you're so nice. Always keep that wonderful personality. Think for being so much fun in Mr. Business.

I hope we had have a class together next year. Be good (you can). Ha!
